

Sponsoring My Transfo 2008

Turin 17th and 18th December 2008

This request must be entered in all its parts and returned to the
Sea Marconi Organisation Secretariat at the following **fax number +39 011 234.34.35**
or by e-mail to info@seamarconi.it
Reference: dott.ssa Cristina Tumiatti

The My Transfo Meeting is the point of reference for the exchange of know-how and experiences on the management of fleets of electrical equipment with insulating fluids. After the success of the three European sessions and the extraordinary appreciation received by the two special editions in Brazil, the 2008 session is announced as an event that cannot be missed by the people involved.

My Transfo shall take place in Turin on 17th and 18th December confirming all the **strength** points of the past editions:

- the cooperation with **IEEE Italy Section Power Engineering Society (PE31) Charter**
- the **Tutorial + Case history + Forum** arrangement
- the presence of **speakers** whose competence is recognised by the international scientific community
- the sharing of practical cases and know-how on subject of difficult access.

My Transfo is going to be a moment of comparison and updating on the subjects that in the last few months have been subjects of study by several working groups, as well as the opportunity to learn the **SOLUTIONS** to challenge the problems that many managers of fleets of equipment around the world are facing with difficulties.

Participants

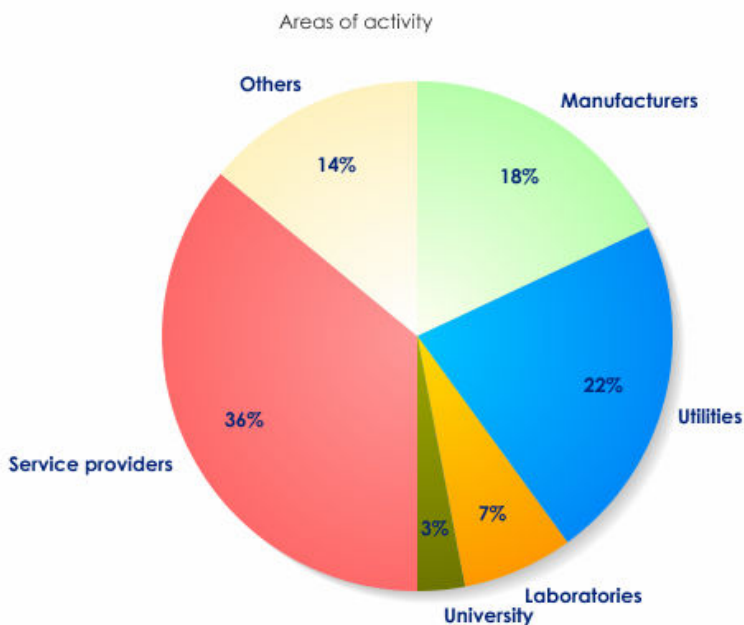

More than **800** participants coming from **20** Countries in **4** continents enrolled in the last 5 editions.
In particular, the 2006 edition hosted:

ABB Secheron	Edison	Nynas Naphthenics AB
ACEA	Endesa Italia	PAUWELS TRAFOSERVICE
